Grandparents Taking Care of the Future

National Congress for Grandparents & Kin carers
and those denied access.

Did you know that there are over

250,000 Non-Parental Custodians
nationally?

On the 5th and 6th of November 2009 it is planned to bring together some of these families and their support services to discuss those issues that make these families unique.

The venue will be the prestigious Bond University at Varsity Lakes on the Gold Coast. Over the two days participants will be treated to some of the most highly regarded speakers in Australia on issues of grandfamily support and family breakdown.

Workshops will offer an opportunity for interaction between these speakers and other professionals and grandparents and service providers to determine whether what is being delivered is appropriate and how services could be better tailored for these families.

Cost: \$250.00 [for salaried staff]

Grandparents can attend for free with assistance with travel and accommodation.

Professional service stands: \$200
